TOLEDO-LUCAS COUNTY SUSTAINABILITY COMMISSION
GREEN MAP

What is a Green Map:

GreenMap.org is an internationally known mapping tool system used in over 60 countries. Green Maps allow communities across the world to come together in the pursuit of a more sustainable planet by highlighting green projects and engaging citizens in local resources.

How can the Green Map be Used:

- Highlight projects that advance Toledo-Lucas County's social, economic, & environmental well-being
- Showcase local place based achievements
- Provide accessible and easy to use information about resources and community assets to the residents of Toledo-Lucas County
- Discover green, localized resources

How to Add Locations to the Green Map:

1. Open the Green Map and click "Propose a Site" at the top left corner.
2. Select the "Toledo-Lucas County Sustainability Map".
3. Enter the name, description, photos, and icons.
4. Click submit.
5. A TLCSC representative will be in touch with you regarding your submission.
